About

World Academy of Career Programmes (WACP) is an educational research organization that offers career related courses in Administration, Finance, Technology, Healthcare and Design. Our association with prominent schools and higher educational institutions & universities provide students with a structured pathway to specialized qualifications in these streams.

WACP commands a robust network within the industry and thereby offers unmatched practical training, internships and placements. We are passionate about offering the right blend of practical knowledge and experience, creating a truly futuristic curriculum aimed at producing highly skilled individuals and a launch pad for entrepreneurs. Our core team of progressive leaders along with our experienced faculty and competent operations, lead us towards growth and excellence.

About

Future Varsity is an institute dedicated to developing highly trained professionals in the field of business administration and general management. With the focused aim of creating professionally, academically and ethically sound managers and executives, Future Varsity contributes to this burgeoning space in the World.

Future Varsity recognized the need for accelerating formalised education through collaborations with recognised University, colleges & institutions. Formal education in business administration equips candidates with knowledge & skills that help in running a business and dealing with entrepreneurship challenges. Identifying the need for experts in the industry, Future Varsity instils its students with basic and advanced theories and techniques in the discipline of goal setting, strategic planning, marketing, public relations, finance, leadership, decision making, analytics, law etc. related to the business environment.

BUSINESS ADMINISTRATION

The best learning environment!!

The Business Administration programme prepares the learners for administrative and managerial roles. The programme offers knowledge and training in management and leadership skills to prepare them for managerial roles and entrepreneurship. The programme will help the students to learn from core functions of business and management through lectures and practical projects.

Business Administration EDUCATION

EVOLVING INDUSTRY

India is a booming economy with numerous start-ups opening up every year. With the opening up of new companies, arises a need for managers to manage them.

RISING DEMAND FOR PROFESSIONALS

Every business needs to be managed efficiently in order to be sustainable and profitable. Every industry and domain requires business professionals who have the required skills to handle its various operations.

DIVERSE CAREER OPTIONS

We lay a high degree of emphasis on building relations within the industry; practical training, internships and workshops help in collaborating with the world of business administration studies.

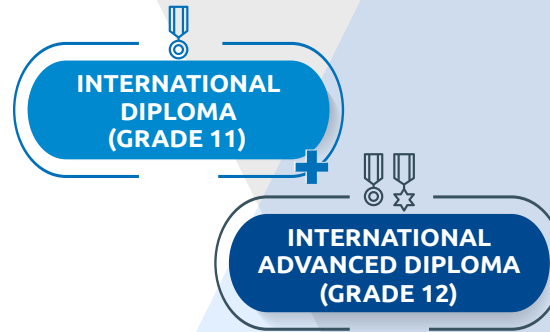

IDEAL FOR GO-GETTERS

We aim to be recognized as a hub of excellence and strive towards building strong, serviceable and sustainable relationships within the industry.

IB CAREER-RELATED PROGRAMME

BUSINESS ADMINISTRATION

WACP offers a combination of two qualifications in Business Administration Career Related Study. These are International Diploma and International Advanced Diploma of 11 months each. Both courses together provide a broad overview of the corporate world and are designed to develop skills and knowledge sufficient to allow participants to play a significant role in conceptualising, planning and delivery of public, corporate and customised business plans. The courses provide an avenue for students to gain theoretical and practical skills needed to operate within the corporate world.

COURSE AIMS

The courses are suitable for IBCP students wanting to pursue their CRS course in Business Administration. They aim to strengthen their understanding of the subject and achieve incremental knowledge and specialisation between the two qualifications. These courses provide theories, models and practical case studies in order to understand the complex nature of Business Administration. The programme trains you in organising, planning and analysing business activities that are required to efficiently manage and run a business. It will help you gain in-depth knowledge and understanding of the core elements of Business Administration - it's also a great introduction into the world of business if you have no prior experience. It provides industry insights, such as market trends and industry reports, which can prove to be invaluable and you will be encouraged to apply academic theory to real-life business situations that will help you kickstart your career.

CLASSROOM SESSIONS

REGULAR LECTURES

To positively impact the perspective of our students, lectures are delivered by our experienced core team of faculty, along with visiting faculty from top Institutes, and professionals from the corporate world.

ASSIGNMENT & PROJECTS

Assignment and projects are a part of our curriculum. These provide our students ample opportunities to meet, interact and build relations with popular and experienced individuals in business administration, under the able guidance of our dedicated faculty.

WORKSHOPS

To keep our students updated with the current affairs in the Business World, we frequently organize uniquely designed workshops that focus on industry-oriented themes shortlisted by our team of experts.

SIMULATED EVENTS

We have developed an exceptional methodology that helps replicate the process of organizing and managing the learning areas in real time. Students are trained to make the projects and assignments. This exercise gives them an opportunity to walk through minute aspects of learning.

MASTER CLASSES AND CASE STUDIES

MASTER CLASSES

Master Classes intend to keep students aware of the current trends of the corporate world. Guest speakers from various areas of industry share their knowledge and help students from ideas and insights about the industry.

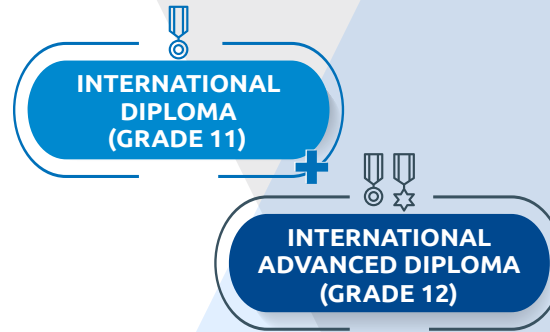

CASE STUDIES

Our curriculum includes the use of case studies in order to highlight various practical and situational issues. The brainstorming and discussions help to streamline the students' thought processes and sharpen analytical abilities by exploring, identifying and solving issues.

IB CAREER-RELATED PROGRAMME **BUSINESS ADMINISTRATION**

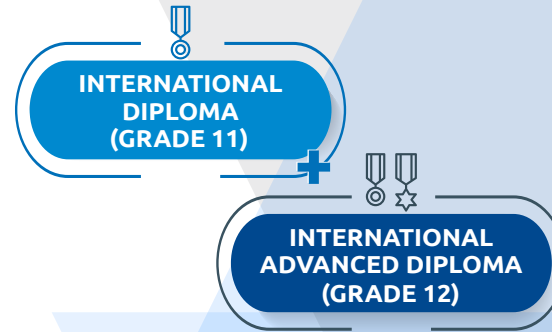

ASSESSMENT

- In line with the WACP commitment to practice-based education, a large part of the assessment will relate to the demonstration of the student's ability to synthesise classroom learning with real life scenarios within the Corporate world.
- Continuous Assessment Process will judge the depth to which the students understand the theory and have developed critical thinking skills which help them evaluate the relevance of what they have learned.
- Students will encounter many different kinds of assessment methods, for example: written exams, written assignments, portfolios, project work, reports, individual or group oral presentations and practical skills assessment. All of which will enable them to gain valuable experience to use within the workplace.
- Students will be expected to complete one assessment per unit.
